A large, detailed fingerprint impression, likely a latent print, showing clear ridge patterns. The print is oriented vertically and occupies the central portion of the page. It exhibits a well-defined pattern of ridges and valleys, characteristic of a latent print developed on a light-colored surface. The ridges are dark and distinct, while the valleys are lighter, creating a high-contrast image. The overall shape of the print is somewhat oval, with a central core area where the ridges converge. The surrounding area of the page is mostly blank, with some minor discoloration and faint, illegible markings visible in the upper and lower margins.
